

APARNA PATEL

Data Analyst Python Developer

About Me

Data Analyst & Python Developer with hands-on experience in transforming raw data into actionable business insights. Skilled in SQL, Excel, Python, and Power BI to analyze trends, identify opportunities, and support data-driven decision-making. Experienced in building data-driven applications and dashboards that focus on key business metrics. Strong in data cleaning, exploratory data analysis, and uncovering patterns from real-world datasets. Passionate about connecting data with business impact and leveraging Python to build scalable, insight-driven solutions.

Skills

- Python
- SQL (PostgreSQL)
- Excel (Advanced)
- Power BI & Tableau (Dashboards)
- Data Analysis & EDA
- Machine Learning (Scikit-learn)
- Data Visualization (Matplotlib, Pandas, NumPy)
- Git & GitHub

Language

- English
- Hindi

Education

Bhoj University

2022 - 2025

Bachelor of Arts (B.A) – 2025

Govt. Home Science Girls P.G. College, Narmadapuram
Madhya Pradesh, India

Projects

Aura Analytics – AI-Powered Data Analysis Web App

<https://aura-analytics-ugzamtfajfjz7wlx35bxza.streamlit.app>

- Developed an interactive analytics web app using Streamlit
- Enabled users to upload datasets (CSV/Excel) for automated analysis
- Built modules for data cleaning, visualization, and reporting
- Created dashboards to highlight key insights and trends
- Simplified complex data workflows for non-technical users
- Demonstrates ability to build data-driven decision support tools

Python Course -

TechVidvan

2025

- Completed multiple practical Python projects during TechVidvan Python Programming training, gaining hands-on experience in automation, GUI applications, and problem-solving

- | | |
|-----------------------------------|-----------------------------|
| • LinkedIn Connections Automation | • Library Management System |
| • Video to Audio Converter | • Student Management System |
| • PDF Invoice Generator | • Expense Tracker |
| • Live Cricket Score Alerts | • Spell Checker Application |
| • Telegram Message Automation | • File & Folder Compressor |
| • Address Book Application | • Notepad Application |
| • Desktop Voice Assistant | • Speech Recognition AI |

Data Analyst Intern - Unified Mentor

Jan 2026 – Apr 2026

- Worked on data analysis using Python, Excel, Power BI, and Tableau.
- Built interactive dashboards using Power BI and Tableau to visualize trends and key business insights.
- Performed data cleaning, preprocessing, and exploratory data analysis (EDA) using Python libraries.
- Generated insights from datasets to support data-driven decision making.

Experienced Projects -

- Netflix Content Data Analysis
- Customer Satisfaction Prediction (ML)
- Uber Trip Data Analysis
- Data Analyst Job Market Analysis
- Laptop Price Prediction (ML)

Certificates

Python Programming

TechVidvan (2025)

Developed hands-on Python projects focused on problem-solving, automation, and application development

Python AI Workshop

AI for Techies (2025)

Applied AI-assisted coding for data analysis, debugging, and building efficient workflows

Excel AI Workshop

Be10x (2026)

Gained practical experience in Excel automation, data cleaning, dashboards, and advanced formulas

Data Analyst Internship

Unified Mentor (2026)

Completed industry-level projects involving data analysis, dashboard creation, and business insights generation
